LIBRARY REPORT

The library has been well patronized during the year. The books loaned numbered 505.* These include not only works of fiction, but many books on religious subjects, borrowed by adult readers, also books on birds, trees, and flowers, borrowed by school children. The magazines have also been extensively borrowed and enjoyed, and good use has been made of the Encyclopedia, also the many Government reports.

A gift of 75 books was sent by Mrs. Annie H. Bowles of Lexington, Mass. No appropriation for new books has been made by the town since 1924, and people are constantly asking for an explanation of this.

This money should be appropriated, as the Library is one of Easton's most valuable assets, and should be kept flourishing.

C. P. BOWLES, Librarian.
